Subject: Monday meeting recap

FYI – busy meeting day....I highlighted a couple items of special import to CPCMB

- Dana, Schatzi and Suzanne back after being out for a week and catching up on emails
- Schatzi working on updating the task list
- Portland Harbor meetings last week – 2 of the 3 meetings that Jim was to attend did not happen due to a scheduling issue
- Aerojet – R9 asked Rich K to review draft ROD that cited CA VI # for PCE, EPA asked R9 to let HQ review ROD before signing but turns out that R9 already signed the ROD with the CA #s. Doug called John Lyons and left message. (Later – R9 thought that they did have HQ okay to sign the ROD...)
- Suzanne attend CI meeting in Boston last week – will work with regions to get revised CI language in RAF
- MS phosphate site
- Hot sites meeting this week - send info to Sam.
- OSWER general and FFRRO meetings scheduled this now cancelled
- Jim, Dana & Doug attending Tribal Lands and Environment Forum Tu – Th next week
- Don Rigger will be here next M+T+ maybe part of W; officially starts as acting deputy on 8/31; may schedule meetings with branches while he is here next week
- Have to reschedule tribal briefing
- RAF meeting on Tu? with AA (Barry involved)
- OSWER open house on Th, 10 -2 pm – please stop – Loren to send out more info re possible Admin McCarthy visit
- **Biweekly due on Wed. to Sam**
- After this week will be using Sharepoint (rather than Lotus Notes) for Biweekly – look for more info/trainings to be announced next week

- Philip Starke accepted permanent position in OEI
- Feds Feeds Families – Suzanne, Melissa and Tina leading OSRTI effort, donations thru 9/22, can make on-line donations but need to keep receipt so that OSRTI gets “credit”, see intranet for more info
- Art reported that status of funds is coming thru and will be starting FY16 work planning soon (assume stable budget); Goal 3 fire drill – look for more info/requests from Art
- Mentioned that Richard, Jenn E, Kate and Amanda are in R2 for meetings and that Kate is doing RD/RA training in R2
- Charters reported that FOG audit went well last week
- Gold King Mine spill...plume has reached NM and has traveled from Cement Creek -> Animas -> San Juan River. ERT helping with sampling; R6, R8 and R9 involved in response; R8 released some data yesterday; started with 4 water & sed monitoring stations and ramping up to 8 stations; questions about what was being done when accident happened (not currently a SF site); Mathy planning to set up a daily briefing on spill response, partial activation of EOC, R8 RA over the weekend said that an investigation is planned (might be done by another entity), reporters asking questions about other sites that may pose similar risks, R8 CI staff asking for TASC \$ to support Durango CAG – more to come....
- Elizabeth Mine in VT—optimization site visit conducted last week by Shahid, Kevin (SEE) and Kirby re water treatment plant, VT concerned about cost to run plant
- Steve Jones working part-time this week and back full time next week (Kate/fyi - no crunches for 6 months)
- Greener remediation memo out to internal HQ review
- GAO sediment meeting went well – asked about remedy costs, coordination between CSTAG/NRRB/Regions, Tier I list and more extensive internal version of the data sheet. GAO sites visits tbd.
- **NARPM --- request will be coming for people to verify/confirm their potential hotel stays during NARPM – quick turnaround with responses due to Dana tomorrow. Info needed to get package to Mathy.**

Travel/Vacations:

- Doug A out this week – Amy acting
- Jim W out 8/24-9/4 back in office on 9/8 (doing college tours) + tribal meeting next week means that Jim will be out of office from late next Tuesday until after Labor Day
- Jim, Dana, Doug at Tribal Land and Env Forum 8/18 – 20
- Dan Powell, Mike S, Suzanne on vacation week of 8/17
- Amy Vandenberg out for “a couple of weeks”
- Harry Compton out this week
- Marc Greenberg out later this week until 8/31 (also doing college tours)
- Pamela Barr out this week and next (be sure to copy Jeff H while she is out)
- Dee in ERT-W on leave the rest of this week
